

# **Anti-PATRIOT ACT Resolution Needs Your Help**

The King County Council will not vote on the resolution in support of civil liberties and in opposition to the Patriot Act unless they have the votes to pass it. Currently the votes are not there.

**Call or email your Councilmember today to voice your support for the resolution.**

Recent events (the leaking of the FBI memo, the outrageous reactions to FTAA demonstrations, reports of the Patriot Act being applied to "non-terrorist crimes") show how important it is to pass this resolution and continue to work to protect civil liberties.

The Civil Rights and Civil Liberties Resolution (Motion #2003-0483) would counter any unconstitutional acts against King County residents under the USA PATRIOT Act, including invasion of privacy, expanded surveillance, and denial of due process. There are now some 110 communities that have passed similar bipartisan resolutions.

For your Council member's contact info, see the reverse side of this flier.
